KINETIC TRAINER PURCHASE PROGRAM

Participating Coach Instructions

Kinetic proudly supports NICA coaches, athletes and staff. We are committed to putting the best training products available in the hands of athletes and teams. In our ongoing effort to best meet the needs of all teams, we've opened up our entire product lineup to NICA coaches for 2014. The Kinetic Purchase Program will now be administered by Kinetic and local bike shops. Kinetic asks that coaches present their program form with attached current NICA Coach verification to the bike shop of their choice. Coaches verify their current NICA Status by logging into the Pit Zone, clicking the license tab, printing the Coaches Licensing page [example below], and sharing it with the local bike shop. The coaching status should be "current" as shown below. Shops that do not carry Kinetic products they may still process the order working directly with Kinetic.

This application can be used once per year by a licensed NICA coach. Here's how:

- + Coaches present this form to a local retailer of your choice with current coach verification [at right]
- + Select your product quantities from the purchase form on page 3 of this PDF
- + **Payment to the retailer is due at the time of purchase** – Retailer determines payment methods
- + Coaches may purchase up to 15 trainers plus accessories once per year
- + All payments are made to and sales are processed by your local retailer. All products are shipped by Kinetic.
- + Only one coach per team may place an order, only one order per team per year.
- + Coaches agree that trainers are for team use only, and will not be resold for at least three years.
- + All orders are subject to Kinetic approval
