Dear prospective board member:

We are very pleased and excited to extend a nation-wide search for motivated individuals who want to help extend the unprecedented success of the [NorCal High School Mountain Bike Racing League](#) beyond the borders of California. The National Interscholastic Cycling Association (NICA) is now forming in order to replicate the NorCal League in other states such as Washington and Colorado, just as it has successfully built the [SoCal Interscholastic Cycling League](#). **High school mountain bike Leagues in ten states are well within reason by the year 2015.**

Like the NorCal League, NICA will rely on the contributions of passionate cyclists who understand that the future of the sport is *entirely* in our own hands. We are looking for leader's who enjoy working as a team, inspire those around them, and are willing to invest in their vision. We are looking for champions of the sport that want to see more youth discover their potential both as cyclists and as individuals. We are looking for motivated individuals who are ready to dig into the work at hand and/or contribute to the fiscal needs of a brand new start-up.

If you are interested in this opportunity please take a moment to read the *Expectations and Requirements* document and submit the *Application to Serve*. **We hope you agree that your involvement will be a thrilling and rewarding opportunity to make a big difference in the world of cycling.**

All information and documents are available at www.nationalmtb.org.

Sincerely,

Matt Fritzing

NICA Founder/Director
