BERKELEY HIGH MOUNTAIN BIKE TEAM

2 Year Logo Placement

The jersey seen above and at right has served the BHS mountain bike team well for the past five years but is being retired to make way for a brand new jersey and short design. The jersey is being designed by talented graphic artist Clay Crymes and will be produced by Voler Apparel. To defray the expense we are selling space for placement of company logos. The jersey will be worn by the team for the next four years and be sold to the community at Missing Link Bicycles.
