

## 2015 Clif Bar Volunteer Service Award

*The Volunteer Service Award honors an exceptional volunteer whose dedication of time, expertise, and enthusiasm goes above and beyond to make a difference in the organization.*

### **Rob Kertesz, Utah High School Cycling League**

Rob is notable because he's always there quietly making a difference for the Utah League. He's been involved with the set-up, take-down and operations that make up each race day. Known as "Rover Rob," his tireless service often goes unnoticed. For the 24 hours leading up to race day, he is helping set courses and assisting the race crew with whatever they need. On race day, he is the familiar face to many as a roving marshal. He encourages, he assists as needed, he consoles, he persuades riders to get back out on course, he does anything and everything he can to make the race go smoothly...for everyone. While Rob and his wife Sue have not had a child directly involved in the league as a rider, they heard about the league, got to know more about it, and had to be a part of it. Rob is a retired educator who loves being involved with the kids and with this league. At the end of race day, you will see "Rover Rob" quietly sneaking out of the Pit Zone with Sue. Another race down, another long day on the bike, another job well done.

*"Thanks again NICA, Clif Bar, and all of you for this award, and for your own contributions to this wonderful enterprise of human growth, and empowerment, that we all call NICA."*
